During his financial report, Director Bolom pointed out there should be one more report for 2024 as some bills for services done during that year are still being paid. There were no questions about the budget.

He then presented the statistics for 2024. Over the year, electronic circulations increased as physical circulations and patron visits decreased. Outreach number for December include the Ruston Christmas parade. He pointed out that the difference between 2024 and 2023 numbers was given below the total for each statistic. In most cases, these numbers increased. Wi-Fi stats remain skewed due to missing stats and a change in the network this year, which continues to cause patron connectivity issues. The Board requested an update on how this problem can be resolved and asked Director Bolom to invite GIS representatives to next month's meeting.

In his report, Bolom summarized his professional activities. He also commented on preparations for the upcoming Readers Club Gala in February and the Geektogether in March. With concern to the building enhancement projects approved by the board in 2024, he mentioned that, although priorities were set for the lighting and flooring, he has been advised by the Jury to begin with security cameras since the other two projects will be grouped together. Additionally, two part-time positions are currently open at the Library, and programming remains on schedule, with a special calendar forthcoming for a Black History Month celebration at LPL.

With no further discussions, Ms. Dupree made a motion to adjourn the meeting. Mr. McCulloch seconded the motion. All yes. Motion carried. Meeting adjourned at 5:27pm.
