BUILDING RENOVATION PROJECT

Your LPL is undergoing a renovation project, the first since we moved to our current location in June of 2004. We are **replacing flooring, repainting, and refurbishing restrooms** in a series of 4 phases covering different parts of the building.

As of Monday, November 2nd, **we have entered Phase 1 of the project**. This phase covers the majority of the building: the main public floor (including the teen area, adult and teen computers, adult books and DVDs, and the genealogy room) and the staff areas in the back of the building. It is estimated that it will take 6 weeks to complete this phase.

During Phase 1, areas under renovation are unavailable, but the Jack Beard Community Room holds **a limited collection of adult, teen, and AV materials for checkout, as well as a small number of public computers for essential needs.** There are tables and chairs in the Chautauqua Gallery for wifi use and reading.

Please know that we recognize the stress these temporary changes may cause. We ask for your patience and will continue to serve you to the best of our ability. **To make sure the services or materials you need are available, please contact us before visiting the Library.**
